International 470 Class Association
470 Internationale

1st August 2005

Att : The President.**

*Icelandic Sailing Association
Ithrottamidstodin Laugardal
104 Reykavik. ICELAND*

Dear President,

A warm hello from Australia.

I write to encourage your Association and Sailors to become further involved in regional and International 470 Class competition.

Our most famous Coach Victor Kovalenko visited Iceland and held a Coaching Clinic with your sailors and we are very eager to see them in competition with the rest of the 470 Family.

We have a very active class association in Sweden and I'm sure that they are willing to assist your involvement.

An ideal event for you to consider is the **ISAF World Sailing Games in Austria** during May of 2006. Competition will be held in **fully provided International 470 class boats** and will be conducted on Lake Neusiedlsee.

Competitors from at least 40 Nations are expected in the 470 event and it would be a great pleasure to see Iceland represented.

The Lake conditions and supplied equipment means that your sailors can be competitive using their natural talent.

Full details are available via <http://www.worldsailinggames2006.at>

If I can help in any way to assist your Association and sailors getting involved in 470 class competition, please do not hesitate to contact me direct.

Good Sailing and we hope to see your sailors soon.

Darren Dunkley-Smith
President : 470 Internationale
